

2025 FYC Wooden Boat Classic (aka Puddle Duck Regatta)**Saturday, September 13**

Race Committee: Jim MacKenzie, Assistant: Carleen Hone

12 Boats with 13 Sailors competed in small boats on a hot and almost windless day! Rules were mostly adhered to but the lack of wind was frustrating. However, the competitors had fun. The spectators were treated to a colourful display of interesting vessels (not all completely seaworthy) and delighted in the spectacle of mostly grown adults messing about in small boats.

This event was the first test of the larger Hansa Able Sail boat and the Person Lift was also used to aid in the rigging of the boat.

Gilles Sweet-Boulay was the Overall Winner but everyone got to choose a prize from the table. A highlight was Sailor Mike, founder of the PD Regatta, receiving a gift of a painting of his current boat, the Mary C.
